GREAT REJOICING BY RHEUMATIC CRIPPLES

If So Crippled You Can't Use Arms or Legs, Rheuma Will Help You.

If you want relief in two days, swift, certain, gratifying relief, take a small dose of Rheuma once a day.

If you want to dissolve every particle of uric acid poison in your body and drive it out through the natural channels so that you will be forever free from rheumatism, get a bottle of Rheuma from E. A. Drown & Co., or any druggist at once. It must give the joyful relief expected or money refunded.

Rheumatism is a powerful disease strongly entrenched in joints and muscles. In order to conquer it a powerful enemy must be sent against it. Rheuma is the enemy of rheumatism—an enemy that conquers it in nearly every instance.

Judge John Barhorst, of Ft. Laramie, Ohio, knows it. He was walking with crutches; to-day he is well. It should do as much for you; it seldom fails.—Adv.

Anybody can enjoy delicious fried things when cooked with MAZOLA

EVERYBODY enjoys "French fries", crisp brown crullers, and delicious pastries—but they don't "agree" with many people—especially in summer.

That's because lard or heavy animal fats make them soggy and heavy. Mazola, the pure oil from corn, is so light and digestible that everybody likes it. Mazola isn't a substitute for animal fats. It's better. Doesn't take up odors or flavors—nor smell up the house. Makes a smooth, rich dressing for salads—and on vegetables—considered equal to the finest olive oil—at only a part of the cost. And it saves animal fats.

This exquisite Mayonnaise does not "separate" or curdle. Try it on cold beans, peas, spinach, or crisp lettuce just out of the garden.

Mayonnaise

Yolks of two eggs
1 teaspoon of mustard
A dash of cayenne or white pepper or 1/2 teaspoon of paprika.
2 tablespoons each of lemon juice and vinegar, or 4 tablespoons of vinegar.

1 pint Mazola
1 teaspoon of salt

Have all ingredients and mixing utensils cold. Use round bottomed mixing bowl, a Dover egg beater, or wire whisk. Mix dry ingredients. Add egg yolks and when well mixed add 1/2 teaspoon of vinegar. Add Mazola drop by drop until the mixture begins to thicken, beating slowly with a Dover beater. As soon as the mixture thickens add the remainder of the vinegar a little at a time. Now beat the remainder of the oil gradually until all is used. The mayonnaise should be thick enough to hold its shape.

If you want to be sure of a pure, golden oil—always the same, delicate and delicious for all cooking and salad uses—see that you get Mazola. Mazola is always uniform. Its preparation is scientific and exact. For sale in pints, quarts and gallons. (The large sizes are specially economical to buy.) Get a can from your grocer today.

Ask your grocer for the valuable Cook Book especially prepared for Mazola users—or write as direct. FREE.

This Leaves the Skin Free from Hairy Growths

(Toilet Talks.)

A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered delatone and water, spread on hairy surface and after about two minutes rub off, wash the skin, and the hairs are gone. This method will not mar the skin, but to avoid disappointment be certain you get delatone.—Adv.
